HORTICULTURAL AND LANDSCAPE SERVICE

Planting Shrubbery, Lawn Seeding, Grading, etc.

Personal service limited to a few select jobs.

"PLAN TO MAKE AMERICA BEAUTIFUL"

For the price of one Christmas Tree, \$5.00, we will ship in April—100 Austrian Pine, 100 Scotch Pine, 100 Blue Spruce, 100 Norway Spruce, 2 yr. SDS. Total value \$7.50. Also in 3 yr. SDS. 100 Blue Spruce or 100 Canada Hemlock 3-5 in. \$5.00. Prepaid. Unadilla Nursery Farms, Johnson City, N. Y.

Choice 3 yr. transplanted roses. Ramblers and Hybrid-Teas. 6 for \$5.00; 12 for \$10.00 or \$1.00 each. Prepaid. (Cash and carry, 12 for \$9.00)

Select climbers—Blaze and Paul's Scarlet. HT's—K. A. Victoria white, Etoile de Hollande bright red; Edith Nellie Perkins tricolor, pink and yellow; Radiance pink; Radiance red.

"IDLE ACRES" can give you a cash crop of over \$1000.00 per acre in about 10 years. Why not plan now to build a bank deposit. A few thousand dollars will mean future security for you and your family.

This is your opportunity! Leading Christmas tree varieties: Blue Spruce, Austrian Pine, Scotch Pine—2 year, 1½-3 inch. Prices, \$2.50 per 100; \$20.00 per 1000. Prepaid delivery. This is your most economical size for planting. Order one, two or three acre plantings today.

P.S.—It is quite important to place your order as early as possible. Last year many checks and money orders were returned, the stock was running short.

Last year 80% of orders were from former customers.

We thank our friends and customers for the orders that keep rolling in. There is a sharp demand for stock to be delivered in the 1958 season. Please place your order as early as possible, last spring we had to return several orders because we had no stock to meet some of the late orders. We believe that all small evergreens, etc., should be planted during the spring season, too many losses in the fall; therefore, we only send out a spring list, no list in the fall season.

STOP AT THE SIGN TREE FARMING

750 Riverside Drive, Johnson City, New York

All local Broome County orders take 2% tax.

List No. 12:

Blueberry plants 6-12 inch (6 plants, \$5.00 prepaid). Two Jersey, two Coville, two Berkeley. You need assorted varieties for pollination.

THE STORY OF YOUR CHRISTMAS TREE

Trees are the kings of the plant kingdom. Your tree is related to the biggest, tallest, and the oldest living things on earth. As kings of the plant kingdom, what could be more suitable than using trees to celebrate the birth of the King of kings, a symbol of hope, of peace on earth good will toward all men. As long as the tree lives the tree plans ahead for new life. This also is like the spirit of Christians everywhere.

Christmas trees pay from one to two thousand dollars per acre. When planted 4½ ft. apart 2000, and 6½ ft. 1000 per acre. The demand for Evergreen boughs and Christmas trees is increasing each year. A few years ago we were cutting 30 million trees, this has increased to about 45 million trees at present.

Christmas Tree Species

SCOTCH PINE—Most popular Christmas tree and ornamental variety. Fast growing.

AUSTRIAN PINE—Used as Christmas tree and ornamental. Can be left for timber. Moderate growing.

AMERICAN RED PINE—Limited use as Christmas tree. Good timber variety for some sections. Moderate growing.

WHITE PINE—Limited use for Christmas tree and ornamental. Widely used for timber. Moderate growing.

WHITE SPRUCE—Used for Christmas trees and ornamental. Used also for pulp and timber. Moderate to slow growing.

NORWAY SPRUCE—Used for ornamental and Christmas trees. Can be used for pulp and timber. Fast growing.

COLORADO SPRUCE—Ornamental and Christmas tree. Slow growing.

BLACK HILL SPRUCE—Ornamental and Christmas tree. Slow growing.

FLSAM FIR—Symmetrical, fragrant. Flat blue-green needles. Mature height 50 ft.

DOUGLAS FIR—Soft, dark green to gray-blue needles. Rapid grower. Mature height 40 to 60 ft.

Care of seedlings—Remove from crate, dip roots in thick mud, cover with dirt in shallow trench. You can plant your tree when convenient without loss.
